## **MENGETENGAHKAN PEREMPUAN**

Karya seni Sasya Tranggono secara simbolis mengeksplorasi pemberdayaan perempuan melalui tiga zona utama: Bunga, Kupu-Kupu, dan Wayang. Karya ini bukan hanya indah secara visual namun juga penuh makna filosofis yang menggambarkan transformasi kehidupan perempuan.

Zona pertama, "Bunga," merepresentasikan feminitas, kehidupan, dan harapan. Bunga digambarkan sebagai simbol aktif yang menentang stereotip patriarki tentang perempuan sebagai makhluk pasif. Sasya secara personal mengaitkan transformasi pribadinya, terutama perubahan media lukisannya dari cat minyak menjadi cat air, mencerminkan perubahan dari keterbatasan menuju pembebasan diri yang sadar.

Zona kedua, "Kupu-Kupu," merepresentasikan metamorfosis perempuan yang melewati berbagai tantangan menuju pembebasan dan keindahan. Kupu-kupu dalam karya Sasya adalah simbol kekuatan intrinsik perempuan, digambarkan melalui penggunaan batu permata, menunjukkan nilai, kemandirian, serta kekuatan perempuan. Secara psikologis, kupu-kupu juga melambangkan proses individuasi perempuan dalam menemukan identitas diri yang otentik dan matang.

Zona ketiga, "Wayang," menunjukkan akar budaya Indonesia yang kuat dalam identitas perempuan. Sasya menggambarkan wayang dengan interpretasi pribadi yang melampaui batas-batas tradisi, mencerminkan keberanian perempuan dalam mendefinisikan ulang peran dan identitasnya di masyarakat. Wayang menjadi medium simbolis untuk mendialogkan kembali konflik identitas yang diwariskan budaya patriarki, sekaligus merayakan budaya sebagai bagian integral dari identitas perempuan.

Ketiga zona tersebut secara bersama-sama menyajikan narasi utuh tentang kehidupan perempuan, mendorong pemahaman mendalam tentang kompleksitas pengalaman perempuan. Lewat karya ini, Sasya Tranggono menawarkan refleksi dan inspirasi mengenai pentingnya kesadaran diri, otonomi, dan pemberdayaan perempuan dalam konteks budaya dan lingkungan sosial yang lebih adil dan inklusif.
